

Nilfisk GD 10 Back Backpack HEPA Vacuum

Power Plus Comfort = Productivity

GD10 Back

The GD10 Back Vacuum was designed with comfort and ease-of-use in mind. For its small size, the GD10 Back is incredibly powerful and equipped with a variety of features for fast, effective cleaning in a multitude of industries.

- Lightweight, ergonomic design to reduce fatigue (ergonomic study available)
- Low noise level for operator comfort and cleaning in noise-sensitive areas
- Upstream HEPA filter allows for safe collection of hazardous materials, trapping 99.99% of particles, down to and including 0.3 microns
- Standard equipped with a sack-style main filter that will prolong the life of both the HEPA filter and motor
- Exhaust air is directed upward so that it does not interfere with the operator
- Awarded a *Green Label/Seal of Approval* by The Carpet and Rug Institute

Dust bag can be quickly sealed when changed to avoid dust escaping.

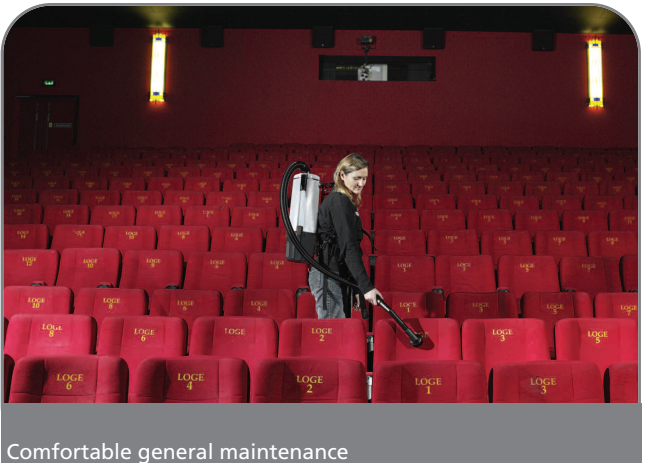

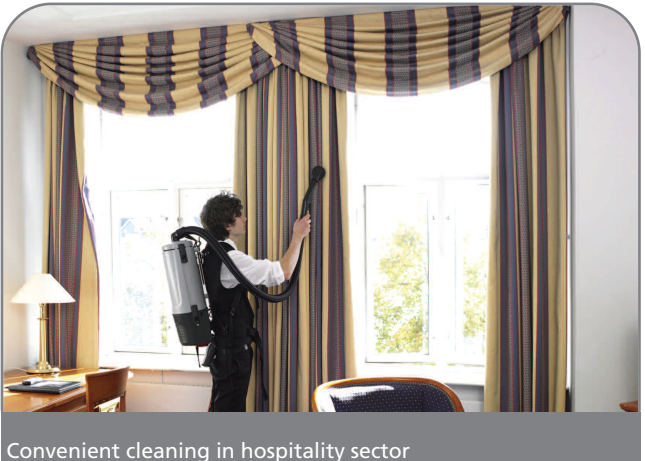

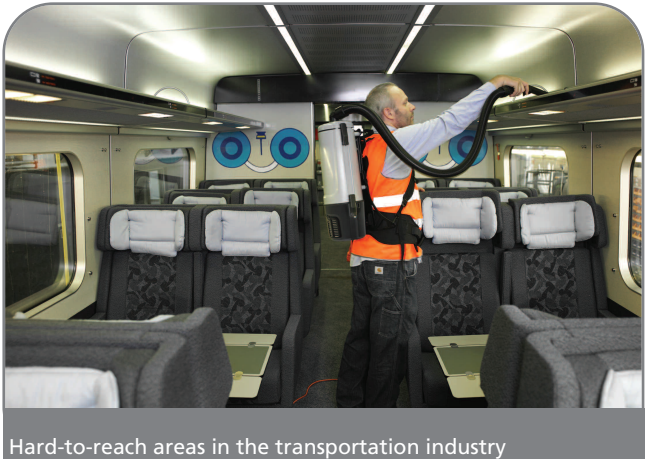

Equipped standard with upstream HEPA filter
