Safety/Anti-Fatigue – Rubber – Modular – “Cushion-Ease”

CUSHION-EASE® (Best)
CUSHION-EASE® SOLID (Best)

Cushion-Ease® is a resilient rubber anti-fatigue mat with an anti-slip surface texture and multi-nib backing to further enhance the ergonomic support of the mat. Cushion-Ease® is available in both a perforated version (550) with a large hole drainage system to facilitate the removal of liquid and debris from the work area, and a solid top version (556) with an anti-slip surface texture that’s easy to clean. Its modular design is compatible with the NoTrax® M.D. Ramp System® for on-site custom configurations.

Where to use:

Wet (550) or dry (556) environments where comfort and durability are critical yet the added requirements for GSII or Niru versions are not needed.

Product info:

- A resilient rubber compound and unique support design offers exceptional fatigue relief
- Easy to snap together mats on-site for custom work station platforms
- Optional nitrile rubber borders available for trip-resistant platform
- Available in 2 versions: (1) Black mat which is grease resistant and carries a 1-year warranty. (2) Red mat with extra nitrile content is grease-proof and carries a 3-year warranty
- Overall thickness is 3/4 inch
- Can be mixed and matched with any of the Cushion-Ease® family of modular floor mats
- Manufactured with MicroStop™ anti-microbial rubber compound that inhibits the growth of bacteria and fungi to provide a cleaner and healthier work environment (red only)
