599 OCT-O-FLEX™ (BEST)

599 OCT-O-FLEX™ CONNECTABLE (BEST)

Oct-O-Flex™ is a heavy-duty rubber outdoor entrance mat designed to remain flexible and withstand extreme cold weather conditions. A multi-hole drainage system removes water and debris away from the mat. A smooth top surface and beveled edges on all four sides make it wheel chair and cart friendly. Oct-O-Flex™ also comes in a connectable version that can be used for large entryways or recessed wells. A connecting system can be used to link multiple mats together to cover larger areas.

Product info:

- Resilient rubber compound
- A smooth top surface, heavyweight construction
- Molded beveled edging on all 4 sides
- Raised knob underside provides aeration, reduces mat movement
- Flat cut edges allow for use in recessed wells (599 Connectable)
- Connector strips to link multiple mats (599 Connectable)
- Recommended product as a part of the GreenTRAX™ program for "Green Cleaning" environments
