

PHIFER **BETTERVUE**®

See the view, not the screen

Improved Visibility Insect Screening

Perfect for patio door screens

Excellent product for coastal regions

Microban® product protection inhibits the growth of stain- and odor-causing bacteria, mold and mildew and works continuously, keeping screens cleaner for longer.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS
UL COM/GG
UL 2818

BetterVue is certified to GREENGUARD and GREENGUARD Gold standards for low chemical emissions into indoor air during product usage.

DESIGNED FOR PERFORMANCE

10% Better Insect Protection

10% Greater Openness
which provides...

...20% More Airflow and Optical Clarity

BetterVue: Improved Visibility Without Sacrificing Strength

■ BetterVue improved visibility insect screening is engineered to provide a sharp view without sacrificing strength and durability in the process. We designed a square mesh for optical clarity and chose the .008 core yarn to reduce the risk of damage.

While BetterVue is engineered to be undetectable from the center of a living room, it can be seen from a few feet away. This feature eliminates the risk of accidentally walking into the screen and makes BetterVue a perfect choice for patio screen doors.

BetterVue screen is woven from permanent glass yarn, which has been coated with a protective vinyl to ensure lasting beauty, color and flexibility. It is produced under the most exacting conditions to meet rigid specifications. BetterVue will not rust, corrode or stain, and passed 1200 hours of QUV accelerated weathering.

- Durable
- Flame retardant
- Easy fabrication- the same as standard fiberglass screen
- Better curb appeal than conventional screen

BetterVue® is Phifer's first fiberglass improved visibility insect screen (iVis). This screening product does for windows and doors what high-definition technology has done for television viewing: it maximizes the view by making it sharper and more brilliant.

Standard Color: Black

Standard Widths: 36" (91.4cm), 48" (121.9cm), 60" (152.4cm), 72" (182.9cm), 84" (213.4cm) and 96" (243.8cm)
