

TURBOKRETE®

CONCRETE PATCHING COMPOUND

The ultimate 100% solids epoxy mortar patch kit.

- 3-4 times stronger than concrete
- Fast curing and high performance
- Outstanding protection against mechanical abuse, impact and abrasion

Kit contains:

Part A, Epoxy Base, Part B, Epoxy Hardener
Part C, Aggregate

TURBOKRETE®

CONCRETE PATCHING COMPOUND

The ultimate high performance epoxy patch kit

Less Prep Time • Convenient ready to mix kit

Less Application Time • Self priming, easy trowel application; can be applied down to 45°F (7°C)

Less Downtime • Dries quickly, return to service: 1½-4 hrs. (light traffic); 6-8 hrs. (heavy traffic)

Greater Lifetime Value • 100% solids epoxy formulation protects against abrasion, impact, most chemicals, alkalis, water and gasoline

Typical applications

Interior and exterior concrete curbs, holes and spalls in mild to severe industrial environments like:
Warehousing • Manufacturing

Kits (Contains base, hardener and aggregate.)

3.5 gallon kit
#5494323
Kit covers approx. 15 sq. ft.
at 1/4" thickness

2 gallon kit
#253479
Kit covers approx. 7.5 sq. ft.
at 1/4" thickness
