

14-DAY, MULTIPLE SURFACE

ShurRELEASE® BLUE PAINTER'S TAPE

When it comes to painting, you don't have time for touch-ups. It's why CP 27 ShurRELEASE Blue Painter's Tape is formulated to exacting standards – to adhere consistently and remove cleanly.

A multiple surface painter's tape, CP 27 is designed for masking cured painted walls, trim, woodwork, glass and metal to help protect surfaces and prevent paint bleed. This medium-adhesion painter's tape offers increased tack, allowing it to stick and stay affixed to surfaces. With no lifting or flagging, seepage is prevented, leaving behind sharper, cleaner paint lines.

For use indoors and out, CP 27 removes cleanly and easily for up to 14 days.
