

Often *imitated*,
 Never *duplicated*

Within the walls of the Icon's solid brass frame exists a near 145-year-old legacy of delivering luxury experiences. Six jets produce 48 shockingly powerful sprays that can be infinitely adjusted by rotating the handle. The solid brass construction offers durability you can feel when you hold the shower head in your hand. The Icon Anystream Shower Head is available in multiple finishes and features a 2.5 or WaterSense Certified 2.0 gpm flow rate.
