

TIMEPILOT®

Why TimePilot Tap+?

The money savings:

- ▶ No more estimating (or guessing!) workers' hours.
- ▶ Eliminates math errors when calculating time.

The time savings:

- ▶ Payroll prep takes minutes, not hours.

The bottom line:

- ▶ TimePilot Tap+ pays for itself in just weeks!

GraingerProduct Number: 36FN03

The ultimate portable timeclock: Battery-powered TimePilot Tap+

Place it on a desk, mount it in your truck,
even put it in your pocket!

- ▶ Employees clock in or out with just a **tap** of their iButton. A light flashes and a tone sounds to confirm that they've clocked in or out successfully.
- ▶ Only 3 inches long, 4 inches wide and 1.5 inches high; weighs less than 5 ounces.
- ▶ Rechargeable battery lasts as long as a year between charges.
- ▶ Each clock holds 12,000 clock-ins and clock-outs and can handle as many as 2,000 employees. Easily expand your system by adding more Tap clocks or iButtons.
- ▶ Just plug the included USB cable into TimePilot Tap+ and into your PC; the clock-in data downloads automatically to TimePilot's Windows-based software.
- ▶ The TimePilot software generates reports and prepares your data for the top payroll software and services, including QuickBooks, ADP and Paychex.
- ▶ No annual fees; 30 days of free support to get you up and running.

What's an iButton?

It's a key-sized, rugged identification device that is unaffected by water and most chemicals and comes with a lifetime warranty. iButtons are more reliable than biometrics for identifying individuals and can be reassigned quickly and securely.

What's in the box?

- TimePilot Tap Timeclock
- 10 iButtons
- USB Cable
- Windows-Based Software
- Quick Start Guide
