

UNIVERSAL

FOR INDOOR SPILL CONTROL

Universal Absorbency:

Use these all-purpose absorbents to clean-up oils, coolants, solvents and water-based fluids anywhere in your facility. Around machinery, under leaky pipes or fittings, in messy traffic areas, for general maintenance projects – they are your first choice for indoor spill control. Plus, their gray color masks spills and stains – helping you resist the urge to pick up the absorbent before it is fully saturated.

The Technology:

The technology or structure behind each of the universal products helps determine the strength and absorbency of each absorbent. This information along with the product's characteristics (grade, perforations, etc.) are what helps you decide which absorbent is best for your application.

Common Liquids Absorbed:

- Coolants
- Solvents
- Oils
- Gasoline
- Vegetable oil
- Kerosene
- Latex paint
- And other water-based fluids

Universal Absorbency

Universal Absorbent Family:

All of these pads and rolls start with a highly absorbent polypropylene core - the difference is what happens from there. Features such as durability, absorbency grades and coverstock give you versatile absorbent options for your specific application.

	Applications	Durability	Linting	Cost	Absorbency Grades	Construction
Battlemat® Absorbent Rolls	High wear resistance is ideal for heavy foot traffic, forklifts and walkways.	333	Low Linting	\$\$\$	Heavy Weight	Tough spunbound coverstock
UXT Xtra Tough Absorbent Pads & Rolls	Extra durable general purpose absorbent for wiping, drips, and leaks	333	Low Linting	\$\$\$	Heavy, Medium & Light Weight	3-ply (SMS) construction, spunbound coverstock on both sides
HT High Traffic Absorbent Rolls	Economical for foot traffic, walkways, and around work stations.	333	Low Linting	\$\$	Heavy & Medium Weight	2-ply (SM) construction, spunbound coverstock on one side
MRO Plus® Absorbent Pads & Rolls	Best for industrial applications where greater durability and lower linting is needed	33	Medium Linting	\$\$\$	Heavy & Medium Weight	3-ply (MMM) Meltblown Polypropylene
GP General Purpose Absorbent Pads & Rolls	Maintenance absorbent for general industrial applications	3	Medium Linting	\$\$	Heavy, Medium & Light Weight	Single-ply, made with MAXX technology to improve adsorption & strength
Basic Universal Absorbent Pads & Rolls	Value absorbent for general purpose wiping, drips or leaks	3	Medium Linting	\$	Heavy & Light Weight	Single-ply Meltblown Polypropylene
