

Ventilate your attic and protect your home with Solar Powered Roof & Attic Ventilation

A well-ventilated attic offers year-round benefits to the homeowner. During the summer months, when attic temperatures can easily reach 140° or more, a well-ventilated attic makes a home much easier to cool, reducing energy costs, wear and tear on cooling equipment, and helps to prolong the life of roofing components (sheathing, felt, and composition shingles). During the winter months, proper attic ventilation keeps the attic dry. It also stops water from backing up under shingles, damaging insulation, rotting the roof structure itself, and helps prevent mildew and mold.

Choose from Roof Mount or Gable Mount Vents

ROOF MOUNT VENTILATORS (Two Models)

Solar Panel Mounted on Dome

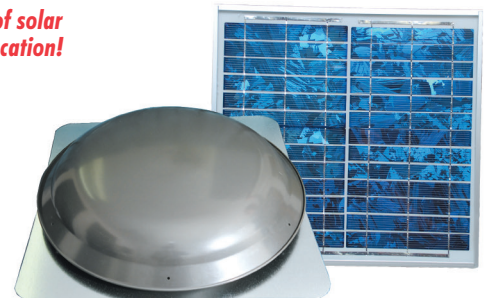

Great for replacing existing roof mount vents!

Model: **VX1000SOLDOM**
(pictured in mill)

Solar Panel Mounted Separately

Easily customize placement of solar panel for your geographic location!

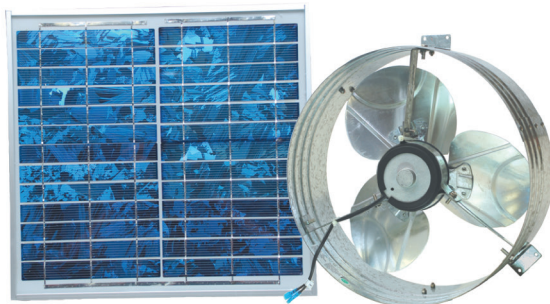

Model: **VX1000SOLAR**
(pictured in weathered grey)

OUR ROOF MOUNT VENTS

- 18 volt, thermally protected DC motors
- provide up to 1000 CFM (sufficient for a 1550 sq ft attic)
- constructed of heavy-duty galvanized steel
- 13" high efficiency fan blades
- expanded steel mesh grille to protect against birds and rodents
- available in mill or powder-coated black, brown or weathered grey
- 5-year limited warranty on vent / 10-year limited warranty on solar panel
- include 10-watt multi-crystal solar panel

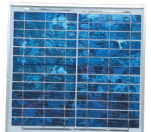

GABLE MOUNT VENTILATORS

- 12.6 watt, 18 volt, thermally protected DC motor
- provide up to 1000 CFM (sufficient for a 1550 sq ft attic)
- 13" high-efficiency fan blades
- mount behind existing louvers
- shroud constructed of heavy-duty galvanized steel
- 5-year limited warranty on vent
10-year limited warranty on solar panel
- include 10-watt multi-crystal solar panel

Model: **VX2515SOLARGBL**

ABOUT OUR MULTI-CRYSTAL SOLAR PANELS

- 12.6 watt output
- high-impact tempered solar cell casings to resist hail, flying debris and impacting winds
- silicone crystals in anodized aluminum frame
- 25-ft power cord with easy connect clips
- 10-year limited warranty

Additional solar panels are easily linked and will increase the CFMs of your fan. Order separately as: **VXSOLARPANEL**
